

# Synergy and Sympoiesis in the Writing of Joint Papers

John Wood  
O#o van Nieuwenhuijze

---

Fuller: "the behavior of whole systems unpredicted by the behavior of their parts taken separately"

1. Individual viewpoints of authors
2. Relationships between the authors
3. Inner/Inter active dynamics of the group of which they are a member
4. New meanings in their joint context of embedding, extending the context of their original meaning
